#### **DIRECTORS' REPORT**

To

#### THE MEMBERS

Your Directors have pleasure in presenting their Twenty first Annual Report on the business and operations of the Company together with the audited Statement of Accounts for the year ended 31st March 2013.

#### OPERATIONS:

Your company had very tough period during the year ended 31st March 2013, due to stoppage of all operations for last more than 2 years. Your company faced a major labour unrest immediately after the stoppage of process of growing mushrooms. The Industrial disputes which were pending before various government departments on account of strike and fantastic compensation demands made by trade union was the major concern of the management. In this management maintained its stand. Ultimately an amicable settlement was arrived on 6th December 2012 by which workmen on the roll of company were settled as per provisions of Industrial dispute Act, 1947.

The restrictions and control measures of 40 % power cut continued in Tamil Nadu. For the reason of non availability of adequate quantity of power and quality services from Tamil Nadu Electricity Generation and Distribution Company Ltd, company could not venture in reconnection of its disconnected supply.

As a result of stoppage of production of mushrooms since February 2011, company has incurred a huge loss, factory is crippled with electricity disconnection, and pending repairs of its chillers & peripherals and, most importantly its transformers. The machinery and other infrastructure has been badly deteriorated as no maintenance care could be given to during last more than 2 years.

Your company has expertise to produces fresh button mushrooms round the year in controlled atmospheric conditions. Unfortunately worsened situation of electricity availability has rendered this activity totally unviable. The mushroom growing process is biological and continuous in nature and it needs a supportive climate of industrial relations to thrive, which is lacking in this place if we take a look at debacle every management faced in this place.

Your Company has NIL turn over from Fresh Mushrooms and during the year under review there was a nominal turnover of Rs. 1.88 lacs on account of sales of spent compost. The summary of the financial results for the year ending 31st March 2013 is presented here in below. Company is once again attempting to sell enriched organic manure by use of its spent compost which is end residue of the mushroom growing process.

Settlement with the workers shall allow management to think afresh on all facets of business and take a decision to stop losses and bring company in profits.

#### **MANAGEMENT DISCUSSION & ANALYSIS**

#### A. INDUSTRY STRUCTURE AND DEVELOPMENTS

#### a) INDUSTRY STRUCTURE

Mushroom cultivation in the country is done in two styles:

#### 1. Industry Style:

Mushrooms are cultivated and further processed and packed in cans or Glass jars for international as well as domestic markets.

#### 2) Horticultural style:

Fresh harvested Mushrooms are supplied to vegetable wholesale market for secondary distribution to retail chains and to the Hotels like any other vegetables.

#### b) DEVELOPMENTS

Mushroom industry which was hard hit by poor international prices is recovering from recession, Domestic market of processed mushrooms is negligible Fresh mushroom have demand and market is able to accept the produce at attractive prices.

Due to shortage of electricity in Tamil Nadu, and higher diesel prices mushroom growing input costs have risen very high. As such mushroom growing industry has suffered substantial losses since year 2008. Shortage of electricity has hit the mushroom crop yields where it hurts the most. Improvement in conversion (yield) viz-a-viz stable crops yields are the only parameters for success in business. Stability of crop yields is possible only if growing is restricted to suitable months when room temperature can be accurately controlled with minimal to nil dependence on air-conditioning.

#### **B. OPPORTUNITIES AND THREATS**

#### a) OPPORTUNITIES:

In the markets of South India there is a place for company's produce. Company has created fresh mushroom demand by regularly supplying, quality produce to the market at best prices. Company will have to adapt to a cost effective and sustainable style of mushroom cultivation to reach its markets regularly if not in volumes as before. Leaving its forte of round the year cultivation. If company changes its style from round the year to variable levels further stepping to matching with the availability levels of electricity, it can make a comeback. With increased popularity of mushrooms for its high protein and low fat, fresh Mushrooms has become a necessary ingredient in every home.

#### b) THREATS:

Power shortage generally in every state is a major threat to round the year cultivation. Since adequate power supply is not available round the year, it is almost impossible to grow quality fresh mushrooms in controlled temperature throughout the year for domestic fresh mushroom sale. Mushrooms are being grown by small farmers for three to four months during the winter season at much lesser costs, and such units are having cost advantage over the organized sector production units.

Unavailability of good quality Paddy straw is questionable at the current location. This is for the reason of rapid industrialization and residential sector growth that hand cutting practices are stopped and machine harvesting is adopted by farmers. Further entry of short term crops of dwarf cultivars have replaced the traditional cultivation of Ponni which is best known for its tough and resilient straw. Prices of poor quality straw have gone up three fold due to increased labour and diesel cost and overall inflation.

#### C. SEGEMENT WISE ANALYSIS:

The Company is dealing in only one segment i.e. manufacturing of fresh mushrooms.

#### D. OUTLOOK

Company believes that business of Mushrooms is a profitable activity only if it adapts a style to match the cost of seasonal growers. This is only possible by changing the gears as per the season of the location and market price. Company has expertise to grow mushrooms in organized round the year system, it has to vary capacity and be vigilant about cost of inputs. Company shall utilize its learning in difficult times to build its future.

#### E. RISKS AND CONCERNS:

Company believes that a model of variable production should be tried under the constraint of power shortage to suit the cost effective cultivation without depending upon electricity and with more support of the favourable

natural climate than the artificial air conditioning. Under total adverse situation of power supply it will be prudent to pause production.

#### F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACIES

The Company has adequate system of internal control relating to purchase of stores, raw materials, including components, plant and machinery, equipment and other similar assets and for the sale of goods. The Company has suitable internal control system commensurate with the size of the Company and nature of its business.

#### G. LIKELY DEVELOPMENTS IN HR / INDUSTRIAL RELATIONS

Management has seen the worst of the IR Disputes and has been successful to overcome the same.

Management will follow the right policies as an when operations shall begin and workers recruitment will become necessary.

**H.** Discussion on financial performance with respect to operational performance has been dealt in the Directors Report.

#### XII. Cautionary Statement:

Details given herein above relating to various activities and future plans may be forward looking statements within the meaning of applicable laws and regulations. The actual performance may vary from those express or implied.

Our responsibility is to express an opinion on these financial statements based on our Audit. We conducted our audit in accordance with the Standards on Auditing issued by the institute of Chartered Accountants on India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free form material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Basis of Qualified Opinion**

- a) As mentioned in no note 24 (2) (a) (i) of the financial statements regarding non provision of Rs 6,83,060/- being amount payable to Tamil Nadu Pollution control Board. Though Company has disputed the amount payable to the Tamil Nadu Pollution Control Board, it has not taken any legal remedy and accordingly no provision has been made by the Company in this regard. As such we are unable to express any opinion as to the effect thereof on the financial statements for the year.
- b) As mentioned in note no 24 (2) (c) of the financial statements, the balances of some of the trade receivables, Advance to Suppliers, Trade Payables and Advance from customers and others are subject to confirmation. As such we are unable to express any opinion as to the effect thereof on the financial statements for the year.

As mentioned in note no 24 (2) (d) of the financial statements, the Company's Carry forward losses is more than 50% of its Net Worth and has been incurring Cash Losses continuously. This factor along with other matters such as Non availability of Power, Closure of Production since February 2011 (there was no activity of growing Mushroom by the Company since February 2011).

Settlement as per Industrial Disputes Act, 1947, 12 (3) agreement with Workers' Union except 6 employees (all the workers and their account Settled during the year), raise doubt that the Company will be able to continue as a going Concern. The Company's ability to continue as a going concern is dependent upon successful restructuring and revival of its business. In Case the going concern concept is vitiated, necessary adjustments will be required on the carrying amount of Assets and Liabilities which are not ascertainable.

The Consequential effect of sub para (b) and (c) above on assets and liabilities as at 31st March 2013 and the Losses for the year ended 31st March 2013 are not ascertainable. Had the effect of above as stated in sub para (a) had been given the loss for the year would be higher by Rs 6,83,060/-

#### **Qualified Opinion**

In our opinion, and to the best of our information and according to the explanations given to us, **except for** the effect of the matters described in the basis of qualified opinion paragraph as mentioned above and read together with other notes, the accompanying financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case the Balance Sheet, of the state of affairs of the Company as at March31, 2013
- (b) In the case of the Statement of Profit and Loss, of the Loss for the year ended on that date; and
- (c) In the case of the Cash Flow Statement, of the cash flow for the year ended on that date.

#### **Other Matter**

- 1. We draw attention to the following facts
  - During the year under review there was no activity of growing mushrooms (the company has not carried on any business activity since February 2011).
  - b. During the year under review, an amicable Labour settlement was arrived on 6<sup>th</sup> December 2012 by which workmen on the roll of company were settled as per provisions of Industrial dispute Act 1947. There are only 6 employees on the Company's Roll as on 31.03.2013.
  - c. The TNEB has disconnected power supply to the Company's Plant and due to Non Maintenance of the Plant & Machinery during the last 2 years more importantly it's chillers, peripherals and transformers, the machinery and other infrastructure have been badly deteriorated.

#### Provisions are recognized only when:

- a) The company has a present obligation as a result of past events.
- b) A probable outflow of recourses is expected to settle the obligation and
- c) The amount of obligation can be reliably estimated.

Provisions are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

#### Contingent liabilities are disclosed in the notes for :

- (i) Present obligation arising from past events, when it is not probable that an outflow of resourses will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made and
- (ii) Possible obligation arising from past events which will be confirmed only by future events not wholly within the control of the company.

**Contingent assets** are neither recognized nor disclosed in the financial statements.

- **F. Earnings per share**: Basic earning per share is computed by dividing the net profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) by weighted average number of equity shares outstanding during the period.
- **G. Cash Flow statement:** Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financial activities of the company are segregated based on the available information.
